Re: Public Water System #3250011; Suburban Water System d/b/a Blacksgate Bundrick Subdivision
Docket 2005-304-W

Dear Mr. Melchers,

The above referenced water system of Suburban Water Community System, which had been used to serve customers in the Blacksgate Bundrick subdivision of Lexington County, has now been formally abandoned. The Lexington County Joint Municipal Water and Sewer Commission ("Lexington") has completed construction of new lines to connect this subdivision to its municipal system and Lexington is now offering service to all of the residents of this community. Final DHEC approval of the Lexington extension and the report of the Office of Regulatory Staff's Water/Wastewater Division are attached. All of the community's residents are now either being provided water by Lexington or through private wells.

The Office of Regulatory Staff, therefore, has no objection to the requested abandonment of Public water system #3250011.

We thank the Commission for its patience and consideration in this matter. Should you have any questions concerning this case, please contact me at your convenience.

Yours Truly,

Jeffrey M. Nelson

MEMORANDUM

TO: Mr. Jeff Nelson, Esquire
Office of Regulatory Staff

FROM: Elizabeth Ford
Office of Regulatory Staff

DATE: July 3, 2007

RE: Petition of Suburban Water Company to Abandon Public Water System
Number 3250011, Suburban Water System, Also Known as Blacksgate
Bundrick Subdivision
Docket No.: 2005-304-W

Please allow this memorandum to serve as notification that the water system of Suburban Water Community System that has been used to serve customers in Lexington County is formally abandoned. A site visit was conducted by our office on Monday, November 1, 2004. All of the customers are either on individual wells or have been connected to the local municipal system. The system has been closed according to the information received from the South Carolina Department of Health and Environmental Control.

ISSUED TO: LEXINGTON COUNTY JOINT MUNICIPAL W&S
2345 TWO NOTCH RD
LEXINGTON 29073

for the operation of a potable water system permitted under Construction Permit No. 24508-WS, dated May 15, 2007, as described below:

PROJECT NAME: BRADY PORTH WATERMAIN EXTENSION

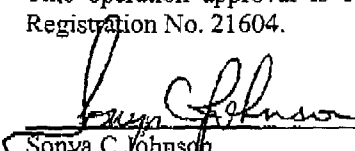

COUNTY: Lexington

PROJECT DESCRIPTION: Installation of approximately 1620 LF of 6" water main, 580 LF of 2" water main, 2 fire hydrants and all necessary appurtenances to serve 13 residential lots.

WATER PROVIDED BY: Lexington County Joint Municipal Water & Sewer Comm
SYSTEM NUMBER: 3220003

SPECIAL CONDITIONS: This system is being approved to serve 13 taps instead of 10 per letter request by Lexington County Joint dated June 26, 2007. All taps previously served by the Suburban Water Community System (water well system), must be disconnected. The well and tank line previously serving the community must be disconnected to eliminate any potential use by all customers by August 15, 2007.

This operation approval is based on the engineer's letter of certification signed by D G Schmoltze, P.E., South Carolina Registration No. 21604.
